Spotlight on Marvellous Me

As many of you know, we subscribe to a communication system called Marvellous Me.

MarvellousMe is a quick and fun way for teachers to keep you regularly informed about the wonderful things that your child is learning at school, and how well they are developing good behaviours and character skills.

The snippets of information that MarvellousMe gives you (and to any other of your family members or carers who join up) makes it easy for you to:

- 1. Have more meaningful family conversations with your child about school.*
- 2. Continue your child's learning and practice what they've done in class.*
- 3. Celebrate and reinforce their successes and positive behaviours.*

Research shows that the more that parents are engaged in their children's learning, the happier and more motivated their children are at school, and their outcomes improve.

At our school, we use Marvellous Me to share your child's successes with you and to send messages home. We all send invitation to our weekly Celebration Assemblies through Marvellous Me.

Every child has an individual login for this. It is available as both an Apple and Android app as well as being accessible through the internet via a web browser. It is completely free to parents/carers and you can share the code with other family members should you wish.

If you need another copy of the code, please do let me know.
